Unless specifically stated, all

IP ratings nominated for Interior products are from "below the ceiling".

## Dimensions

**⚠ Warning**  
**Use only SAL MR16CC7 lamp.**

Before selecting a downlight look out for the marks of Compliance and Safety. Starting with the RCM mark, this signals that the product has been tested to all relevant Australian Safety standards, to ensure the product delivers its designed safety performance. In addition and when thermal insulation batts are installed in the ceiling cavity, look out of the IC rating to ensure the product is suitable for such an application.
