

DEKA Inground Light

Description

The DEKA luminaire provides a practical solution for all inground lighting applications including pathways, driveways, courtyards and decks. Utilising a solid brass CNC machined external fascia plate and a 6063 graded aluminium in a black anodised finish.

The DEKA recessed inground luminaire in solid brass finish will age with time. This is a natural process which adds to the overall appeal of the fixture. A polycarbonate housing is provided for concrete applications. For installations in which do not require the polycarbonate housing such as timber decks the stainless steel spring clips offer a secure fit. Idea applications would also include up lighting trees, feature garden wall, external house fascia etc.

Covers Available in Aluminium & Brass finish.

Specification Features

Input Voltage: 12V DC*
 Power (W): 3W
 IP rating (IP): 65
 Lumens (lm): Warm White 3000K - 300lm
 White 5000K - 350lm

LED type: COB
 CCT: 3000K - 5000K
 CRI: ≥83
 Beam angle (°): 60°
 Dimmable: No
 Lifespan (hrs): 50,000hrs
 Cutout (∅): ∅77mm
 Drive over: 2000kgs (19438, 19440)

*12V DC Constant Voltage LED Driver required - Wire in Parallel
