NOVA Slimline LED Oyster 28W - 3CCT

UGE Lighting have combined its state of art LED technology with elegant housing to create the slimline oyster. This slim LED oyster series is stylish, extremely reliable and easy to install.

With high uniformity of light, the slimline oyster is a very convenient light source available in 28W with 3 colour temperature can be changed by switch and dimmable with trailing edge or universal dimmers.

With its long lifetime coupled with high performance and optimised plastic diffuser for uniform illumination, the slimline oyster delivers low glare and superior performance at a reasonable price.

Rated at IP54 making it ideal for usage in wet location and dwellings located close to coastal areas

Model No: UOYS28WH-3CCT / UOYS28AL-3CCT

Specification:

- ◆ **Wattage** : 28W
- ◆ **Input** : 240V, 50Hz
- ◆ **Lumen** : 2400lm - 2600lm
- ◆ **CRI** : >80
- ◆ **Colour Temperature** : 3000K, 4000K, 5000K
- ◆ **Dimension** : Ø300mm x H40mm
- ◆ **Beam Angle** : 110°
- ◆ **IP Rating** : IP54
- ◆ **Material** : Polycarbonate body, PC diffuser
- ◆ **Finish** : White / Silver
- ◆ **Dimmable** : Yes
- ◆ **Warranty** : 3 Years

Features:

- ◆ Rated 25.000 hours
- ◆ High uniform illumination
- ◆ Low-glare light distribution
- ◆ Operating temperature -20° - 65°C
- ◆ Three colour change
- ◆ Easy installation with external brackets
